

On the 1st anniversary of OM Digital Solutions Corporation
we wish you all a year filled with adventure.

January 2022

OM Digital Solutions Corporation

5 January 2022

Happy New Year.

We would like to express our heartfelt gratitude to all our customers and stakeholders for your continued patronage and support as we mark the first anniversary of OM Digital Solutions.

Looking back on last year, a variety of events and trips were restricted due to COVID-19, and we remained unable to leave our homes with ease. However, it was precisely these difficult circumstances that made it a year in which we were able to realise the importance of imaging in our lives. The fulfillment and surprise through capturing images of everyday life, the joy of taking pictures with a camera, and the healing power of looking at photographs. For us it was more than just the year in which our new company was established; it was a momentous occasion to be able to introduce our new OM SYSTEM brand, to support the adventures that each and every one of you to experience in life.

Although it remains difficult to predict the course of the global pandemic, all of us at OM Digital Solutions will continue to strive to inspire you and bring you exciting experiences full of joy through our products and services.

Personally, as we embark on 2022, I hope that the year ahead will be filled with adventure for your all.
